INTRODUCTION

At all relevant times during this Indictment, Title 18, United States Code, Section 923(g)(1)(A) required all Federal Firearms Licensees to keep accurate records of importation, production, shipment, receipt of sale or other disposition of firearms at the place of business. One of the records Federal Firearms Licensees (FFLs) are required to keep is the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) Firearm Transaction Record (Form 4473). The ATF Form 4473 requires the Buyer of the firearm to fill out Section B, which requires the Buyer's full name, address, date of birth, and other identifying information. Additionally, Question 21a on the Form 4473 asks whether the person completing the form is the "actual transferee/buyer of the firearms listed on the form." The question also includes a warning that "[y]ou are not the actual transferee/buyer if you are acquiring the firearms on behalf of another person. If you are not the actual transferee/buyer, the licensee cannot transfer the firearms to you."

Additionally, the purchaser's certification, documented with a signature in block "22," of the Form 4473, explicitly states that making any false oral or written statement, or exhibiting any false or misrepresented identification with respect to this transaction is a crime punishable as a felony under Federal Law.
